

YOUR SPECIALIST FOR **SEALING TECHNOLOGY**

RELIABLE - INNOVATIVE - FOR THE HIGHEST QUALITY STANDARDS

THE MULTI-TALENTS

Versatile - Powerful - Reliable

- Wide variety of elastomer materials
- Suitable for almost all media
- Used in numerous industrial sectors in various applications

THE INDIVIDUALISTS

Individual - Durable - Protective

- For special requirements
- As a static sealing element
- Protects against dirt and moisture

THE ACTIVE

Agile - Versatile - Moving

- Dynamic sealing elements for hydraulic and pneumatic systems
- Versatile areas of application, including industry, chemical, petrochemical, medical, food industry etc.
- Standard and special designs
